

# *Tuscan Coast's Official Underlayment*

## THE DEFENDER

Roll Size: 100 sq ft

Thickness: 3 mil

Color: Black

Width: 48"

Weight per roll: 10 lbs

Materials: Neoprene Foam, Film, Tape

STC 54

IIC 59

- Moisture Barrier
- Resistant to the growth of bacteria, mildew and mold
- Sound control
- Installs over all subfloors including cement and plywood
- Helps reduce minor floor imperfections
- Adds R value to chilly floors

Installation: Roll out underlayment on the second roll and remove pressure sensitive tape. Overlap the plastic and be careful not to overlap foam. Press tape into lip to create a continuous moisture barrier. To ensure moisture barrier end seams must be taped.
